Rev. Jim Holley

Living In God's Watch Care

Psalm 121:1-8

Safety comes from God. Help comes from God. You can depend on Him to get you through every situation. God is your keeper. He is your protector. There are some things with which your family and friends can't help you. Some things only God can do. When you look to the hills from which comes your help, look beyond the hills to the One who made the hills. You are under the watchful eye of the Lord. He never blinks, He never sleeps or slumbers and He never turns His head. God looks out for you when you can't look out for yourself.
